

11/7/22 Minutes

Present: Bill Nunan, Al Grignon, Rick Crouthamel, Cynthia Beauvais

Absent: Kris Kelesian

Guest: Dona Cuppett

Minutes of 10/24/22 accepted.

- Al presented Work plan/task list. At 62 and about a week behind.
- The Question if there was any more public feedback resulted in comments about concern if adequate setbacks will be addressed. Dona was unable to access the website to see if any comments were there. Bill will contact Kathy/Irene to see if site can be accessed.
- Cynthia will get info from Select Board to see what the protocol is should an ordinance not be finished when the year moratorium expires in January 2023.
- Working draft: looking at 50 acres/50% with 75ft setback for size. Eliminate KW/MW as size limitation. Solar panel coverage of lot discussed. Property Survey as part of requirements. Include moveable panels for commercial.
- Noise measurements explored. EMFR to not impact abutters including a post construction survey. Decommissioning still to be reviewed. CEO to deal with test results and will Fire Chief deal with safety also. Will include wording pertaining to adjacent/multiple lots with CES.

Comments: unsuccessful attempts were made to acquire a copy of the Columbia Solar ordinance.

Meeting adjourned 6:25pm.

Next meeting 11/14/22 at town office, 5pm. Al will pick up key.

FYI on member's schedules.
