

TOWN OF JONESPORT WATER SYSTEM SURVEY

September 9, 2026

The Town of Jonesport has received a Community Resilience Partnership Community Action Grant which is intended to complete a feasibility study to evaluate the potential of implementing a public water system within the village area along Main Street. The area initially planned would be Main Street and any connecting side streets. Within this area, over time, some side streets may be served as well. As part of that study, we are conducting a survey to gain insight into the interest from the public in having a public water system and to provide information as to how this would be implemented. The process would involve installing a well, water quality testing, determination of what type of treatment is needed if any, and then installing water piping into the village area of Main Street. This process will take time as significant grants will be needed to make this all happen. The intent is for the project costs to be paid for by current and future grant funds. However, some grants for construction, if feasible, may require matching funds. Customers that connect to the prospective water system would have to pay an Operations and Maintenance fee for the costs of operating the system. **Residents will NOT be required to connect to the water system.** There will be an informational public meeting once the survey results are tallied and reviewed.

All survey responses are anonymous and will be accumulated before sharing publicly.

1. Do you reside, own property, or operate a business in the identified project area?

Yes No

2. Do you drink your tap water?

Yes No

3. Do you have any concerns regarding the safety of your drinking water?

Yes No

4. If so, what are your concerns:

5. Do you have adequate supply year-round?

Yes No

6. If available, would you wish to connect to have public water?

Yes No

7. Have you had your well tested?

Yes No

8. If yes, were there any contaminants of concern, if so what were they?

9. Does your tap water have any of the following characteristics:

Color	Yes	No
-------	-----	----

Odors	Yes	No
-------	-----	----

Undesirable Taste	Yes	No
-------------------	-----	----

Other -

10. Does your water stain any fixtures?

Yes No

11. If so, what color is the staining?

If you have any questions regarding this survey, please feel free to call or email the Jonesport Town Office at (207) 497-5926 or selectmen@townofjonesport.com.

Surveys can be returned by mail or in-person to the Town Office or complete the survey on-line at www.townofjonesport.com. Thank you!
