

WINDOW DRESSERS

Machias Community Build

October 14th thru the 20th

Edwatd L. Hennessey Building

1 Colonial Way

Machias, Maine

Website: <https://windowdressers.org/>

Machias Community Build make custom-build insulating window inserts to help battle drafty/leaky windows. Lunch served. Anyone receiving inserts is asked to sign up for one 4-hour shift per 3 to 5 inserts and volunteers work together to assemble the inserts. They are offered at a low cost. Inserts are made from pine, polyolefin plastic with weather taping and foam around the outside to create a seal within the frame. There are still spots available.
