

Solar Ordinance Committee - Commercial Solar Energy Systems Survey

The town of Jonesport is in the process of developing a commercial solar panel (solar farm) ordinance to cover issues of development, operation, and safety.

A survey will be mailed on September 9, 2022 to all Jonesport resident mailboxes and Post Office Boxes for input on this issue. Surveys will also be available at numerous local businesses as well as the Town Office. It's requested that surveys be returned by September 23rd.

The survey can be viewed on the town website at www.townofjonesport.com and feedback provided at survey@townofjonesport.com.
