

## Survey for the Town of Jonesport - Commercial Solar Energy Systems

The Town of Jonesport does not have an ordinance for the development and operation of commercial solar panel facilities or solar farms. As per a moratorium mandate, the Solar Committee has 180 days to gather information to write an ordinance to regulate Solar Energy Systems (SES) in order to safeguard the environment, public health and welfare of the Town of Jonesport.

The committee is conducting this survey to collect feedback that will help inform it of the opinions of Jonesport residents. The survey will be conducted over a period of 2 weeks beginning September 9, 2022 and ending September 23, 2022.

Please provide your response to the following questions:

1. Are you in favor of commercial solar farms? \_\_\_Yes \_\_\_No  
(Please mark an X on the line next to your answer. Tell why on the lines below.)

---

---

2. Please list any concerns about commercial solar energy systems (solar farms).  
(Please enter your comments below.)

---

---

3. Under what conditions would you favor commercial solar energy systems (solar farms)?  
(Please enter your comments below.)

---

---
